

DRIFTLESS GLEN

AN AMERICAN DISTILLERY

WISCONGIN

WisconGin – is much different than a traditional gin, using Wisconsin sourced organic ginseng and spearmint botanicals. We wanted to create a gin as unique as the Driftless region that it's made in.

The gin is intricately balanced, Wisconsin smooth and nature rich. It has a clean spearmint finish with subtle hints of cone flower and ginger.

- Size: 750 ml
- 80 Proof
- 40% ALC by Volume
